Victim Focus

**A reactive problem-solving approach
which narrowly defines social
problems in terms of the victims**

Victim Focus

- Reactive Problem-Solving
- Sees the victim as the cause
- Focuses on “Fixing” the victim
- Narrow approach to problem solving

Steps in Blaming the Victim

- Identify a Social Problem
- Study those affected & how they are different
- Define differences as the cause
- Assign someone to correct the differences

Social Factors that Promote Victim Focus

- Unequal Status
- Distortions of Reality
- Acceptance of Victimization

System Focus Approach

- A Proactive Problem-Solving
- Approach which broadly defines
- Social problems as being part of, or caused by, System, Organization, Society, or Community
- Evaluates how system can be improved to prevent future problems

Why System Focus is not Commonly Used

- Not a Quick Fix
- Victim Desires Conformity
- Self-Perpetuating Process

Methods to Prevent Victim Focus

- Dialogue
- Assessment & Feedback
